HOW PRICING WORKS

WORKSHOP FEE + COST OF METAL = TOTAL PRICE

Every workshop is a unique and a completely custom experience. The exact cost of your jewelry will be based on your design and your choice of metal(s). Typically in the Wedding Band Workshop, a couple will spend about the same on a set of custom-made 14K gold bands versus the mass-produced rings. We want everyone to love their rings and will help you make informed decisions. Below you will find a general price guide. The exact cost will be based on current gold market prices. A full breakdown of the cost will be provided upfront, in writing after the design consultation.

No Interest if paid in full in 6 months
