what to expect

We would like to schedule a meeting based around your schedule over the next few days. Suzie meets all couples at local coffee shops convenient to their location.

This meeting is more to determine that our personalities are a good fit! It's so important to mesh with your photographer and have great chemistry! This makes for the best results for your wedding and engagement photographs.

Once we have you on our calendar for your wedding, we'll begin planning your engagement session! You'll receive all the information you'll need to know about having a picture perfect engagement session.

Tying the knot is such an exciting time in your life and the engagement session is the perfect way not only to document it, but it allows us the opportunity to get to know each other a little better. Learn how we each work and get comfortable before your wedding.

The Big Day!

Now, your big day is here! My second photographer (depending on wedding package) and I will arrive and begin with your details that are important to you. Such as your dress, family heirlooms, earrings, something borrowed, etc. We like to get these done first so we can then focus on capturing your day and how it unfolds.

We'll shoot your wedding with professional style from you getting ready to your final exit. Part of your photography experience is reliving the story of your entire day, which is why we offer all day coverage as an option.

Within two days, we'll post your teasers to our Facebook wall.

Once your photographs are ready we'll write a custom blog post and upload the images to a password protected gallery to share with your friends and family.

It's a fun and seamless process. Our goal is to make your wedding planning experience more enjoyable and turn your moments into tangible memories!

YOU'LL LOVE YOUR PHOTOS!

frequently asked questions

How long does it take to get our images?

Online galleries and digital files are ready within 4 weeks of the wedding date. Upon final approval of album designs most albums are ready for delivery within 6 weeks.

How many images will we get?

We average around 80 images per hour, meaning you can expect around 650 professionally edited images in your gallery, often times it ends up being much more :)

Can you hold the date for me?

Sorry, unfortunately we can not hold the date or pencil you in. To be fair to everyone we can't "hold" a date without a 50% retainer and a signed contract.

How far in advance should we book your services?

I suggest 6-12 months in advance, or as soon as you know the date and your venue. I will always let you know right away if I am available for your date!

We're ready to book, what's next?

Great! When ever you're ready, we require a signed contract and a retainer fee of 50% of your chosen collection (both of which can be done conveniently online). The remaining balance is due 30 days before the big day! Let's start planning your amazing wedding photography!
