FAQs

How many weddings do you photograph per year?

- I limit the number of weddings I photograph a year to 20. That way I can give more time and attention to my clients and also have time to pursue some of my other passions like travel and documentary photography.

Do you travel?

- I sure do! I have done weddings all over including Cabo, Nicaragua, Costa Rica, Maine, San Francisco, Boston and the list goes on. I have also traveled to every continent except Antarctica and I have lived abroad as well! I love exploring the world!

How do I reserve my wedding date?

- With a signed contract and non-refundable deposit. Then your date is all yours! Check or cash is preferred but we can take credit cards with a 3% fee.

Can I meet you before I book my wedding?

- Absolutely, I meet most of my clients at my studio in Costa Mesa, CA but I am happy to meet you half way to your location or arrange a skype or face-time call!

Do you shoot digital or film?

- I shoot with both mediums! I primarily shoot about 70% digital and about 30% medium format film. I always have at least 2 digital cameras, 1-2 film cameras, 5-8 lenses and 2-3 flashes with me at every wedding!

How many images will I receive after my wedding?

- It depends on the length, size and detail of your wedding. Every wedding differs but usually you will receive 500-1000 high res images on your flash drive. Think about 100 images an hour of shoot time!
