

## ABOUT OUR PHOTO BOOTHS

### "The Innovator"

An innovated 32" touch screen display. With 4 available, these are perfect for large venues for high school dances, company events, weddings, and special events. This uses a basic Logitech Web Camera for fun.

### "The Bella"

A Simple, but extravagant photo booth that utilizes a Professional Canon DSLR Camera and an external flash umbrella. This is great for all events and uses a touch screen monitor and a built-in printer at the bottom.

### "The Classic"

Our newest Photo Booth which features a 55" Large Interactive Touch Screen Monitor in a Gold Rustic Frame mimicking a Portrait. There's a large 18" Ring Light above the monitor and embedded in the Ring Light would be a Canon DSLR Camera to take High-Resolution Photos.
