We will always do the best with what we have, and regardless if you add-on the add ons.

## **4K Upgrade - \$400**

If you would like 4K footage instead of 1080 HD footage, we're happy to accommodate that request!

## **Another Shooter & Third Camera Add-on - \$950**

Great way of having your wedding covered and getting all the beauty around your event. Highly recommended you are in a particularly large space and have many of guests (usually needed for 150 guests and higher.)

## **Additional Lighting - \$400**

Bringing in extra flags and lighting to allow more control on the shots, whether it be for the ceremony space or for dramatic story of your lives. Packages will be 2 1000w lights with soft-boxes, and basic leds.

We would discuss what is needed, and if more is needed then what is listed it will be discussed.

## **Drone - \$400**

Having a drone fly around is always exciting for guests and gives you a perspective you simply can not get on the ground.

Note- may not be availability in certain locations and weather plays a factor as well, we have a no risk drone policy as if we do not/cannot use you will not have any additional costs.

## **Camera Overtime Packages**

### **Two Camera - \$500**

### **Three Camera - \$750**

Our base rate accommodates 8 hours of coverage. This is usually more than adequate to cover the ceremony, as well as speeches and dances – however if you would like us to stay longer, our overtime packages allow for up to 14 hours of coverage.

Do you have Family & Friends far away that can not make it to your special day?

Travel Can be Tiresome, Visas are hard to get and health can be a factor on why you friends and family can not be present... But what if we can deliver the wedding to there favorite devices?

Going Live means that people all around the world can join in real time then event you have going on so people joining remotely can still feel like they are a part of your day.

### **Live broadcast online stream – social media or for private viewing - \$1250**

Editing the cameras live so it can be digested

We can broadcast your wedding live to your Facebook page, or at a private Online location, or to any location that accepts HDMI video feeds. Great for international family members who couldn't make the trek! Availability of this is dependent on available Internet connections.

### **Live Switched video feed displayed for the audance.**

**Video wall - Priced per Panel.**

**Venue provided display screen - Complamenterly, based on compatablity.**

Have such a Large wedding that you feel like people in the back wont feel like they are a part of the day. We will set up a screen at both the ceremony and reception that shows our footage, live for guests to see close ups. Great for weddings that are very large. We use professional projectors that are great indoors and outdoors.

### **Live Video Conferencing**

We'll setup a live teleconference station so that remote attendees can not only watch live video feeds, but they can also talk with guests during your reception! In addition to providing equipment on our side, we will work with your remote guests the week before your wedding to make sure that they can connect without any issues.
