

We charge a small percentage for booking all of your tours and activities. Let us help you Experience Charleston with the vendors that we deem are the best of the best, all while getting you the best group rates available. Customers like the fact that we are a “one- stop -shop”. Instead of researching every different vendor in town, just tell us what you and your group are interested in doing while visiting the Holy City. We will use our favorite contacts within the Charleston tourism industry to get you set up with vendors that we know and trust and would recommend to our own friends and family!
