We're Bill and Michelle, a father/daughter owned company and winners of the 2023 Best of the Best Wedding Photographer-Knoxville. Whether we are partnered up for your day or working separately, we excel at making our couples feel comfortable and getting images that reflect that. Michelle handles all of the editing so our style is a consistent mix of true to color with some editorial vibes and shot with a mix of poses and candid documentary shots to capture a real feel of the day. We love to set up and capture details of the day and collaborate with our couples to create memories they'll love to look back on. We like to make sure we get plenty of photos of the couple and the feel of the day but also the family and guests.

We have the state of the art cameras and lighting setups that allow us to handle all types of situations, including indoor, outdoor, bright sunshine, or nighttime. We offer payment plans (up to 12 payments) as well as BuyNowPayLater options to work with your budget.

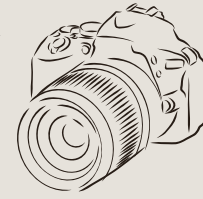

Book a free consultation to discuss your big day and see if we would be a good fit!
