

GIVING THANKS

Now through November 30, you can give away five wholesale accounts!

So here's how Pixingo's month of giving goes. Since you're a Pro, you can give away five wholesale accounts to anyone you want. It's free to the recipient, and just 10 points are deducted from your account. They get a wholesale membership and one personal font! You can even choose to gift some points or expense funds from your account to get them started.

A wholesale account, free to whomever you want!

Want to keep giving? OK. Every time you enroll a new Pro, you have the option of giving away five more accounts.

For every five accounts you give away, your name is entered to win a Big Screen LED HD TV!
