Green or Blue Options Available

The Bliss Lights Spright Lights can be used on any surface indoors or outdoors. It looks amazing on trees and plants by creating that magical “firefly” glow in your backyard for a truly amazing lighting experience. Let your imagination make you into an instant lighting designer with our color options. Use only one color or combine the colors to create the effect you wish. The Bliss Light Spright puts out up to 10,000 points of LED light (depending on surrounding light) and is most effective in dark conditions.

Looking for custom installation? POP Event Co. offers that service as well! Draping options are available for both indoor and outdoor venues. We can work with you to create and design a signature customized look that will make your event POP! Draping, specialty lighting, and so much more!
