# HELLO FRIEND

As a mother and daughter team, we're quite literally family. The love stories that came before us and the legacies they leave, are the reason we became wedding photographers... to preserve those legacies of love for you and your family.

To each wedding we photograph, we bring the wisdom of those that came before. For 13 years we've had the privilege of working with DC's most beautiful, kind, loving couples, documenting their wedding days and creating heirloom photos to span the generations.

If there's one thing you should know about us, it is how much of ourselves we pour into our work. The gravity of our work and the knowledge that these photos are all you'll have left, is never lost on us.

## SERVICES

# HOW WE SHOOT WEDDINGS

Our signature style combines elements of photojournalism and fine art portraiture, resulting in a thoughtfully curated collection of images that tell the true, beautiful story of your wedding day.

The nuance of intuitively and lovingly leading a wedding day in photos is a skill we've developed over the last 13 years. As your photographers, we can sense when the moment is pure, and should be documented completely untouched - true documentary photography.

But we also know how to nudge moments into life. We know when it's time to step in, to lead and direct the photos, ensuring the day flows naturally and beautifully.

This balance of styles has become our signature technique. You'll have effortless, gorgeous photos, and your wedding day will never feel like a photo shoot.

# THE EXPERIENCE

## ONE

### A CUSTOMIZED PLAN

After booking, we'll begin creating a custom photography timeline unique to your wedding day's needs, and your preferences. As many calls as you need throughout the planning process... we'll be there.

## TWO

### THE BIG DAY

On your wedding day, we'll create the magic only we know how to make, giving you the best photography experience possible.

## THREE

### THE KEEPSAKE

A preview gallery of 10 images will be delivered within days of your wedding. 4 to 6 weeks later, your entire gallery will be delivered. Finally, we'll work with you to create a gorgeous, fully custom, fine art wedding album.

# THE TEAM

BIRDS OF A FEATHER PHOTOGRAPHY

# MAGGIE

A lifetime of classical dance training has given Maggie a keen sense of physicality, allowing her to effortlessly choreograph movement into still images. Her timing is intuitive, knowing when to step in to help nudge the photos in the right direction, and when to step back and let life happen.

# BETTY

Betty is the keystone of our team. The one who holds it all together. With nearly 15 years behind the lens, her ability to see what might typically go unnoticed, and to watch for what only she can see coming... makes for true storytelling imagery.

# MADDIE

Maddie is an extraordinary photographer, who shares our desire to create heirloom images that tell the stories of our couples. Her personal photography style meshes beautifully with ours. We know you'll love her as much as we do.

## THE POWER OF TWO

Two is better than one. Maggie, our principal photographer, will pair up with Betty and/or Maddie to give you a team that will capture it all on your wedding day.
