EXPECTATIONS

Hiring a professional photographer is the best wedding decision you can make. We are here to help you plan and coordinate the photography related details for your pre-wedding photography sessions and for the big day.

This welcome guide is meant to walk you through the details and answer some of our brides most general immediate questions.

WEDDING DAY

Yeah, you have hired a professional, now you can relax.

We generally start out with the First Look shots, which are intimate images of you and your groom seeing each other for the first time on the big day. Next we work on details shots, which focus on the most subtle details of your wedding.

Some ideas for details are rings, hair pieces, flowers, invitations or other unique items that are important to you. We will then focus on your family and group portraits and finally reception photos.

Before the wedding we will create a plan that can go in the direction described above or we can choose our own session time line that works for your event. If there is a shot or series that is particularly important to you, let me know.

PAYMENT

We ask for a 1/3 non-refundable retainer up front to hold your date. An additional 1/3 of will be due 3 months prior to wedding and your final payment will be due 3 weeks prior to your date.

QUESTIONS

HOW FAR IN ADVANCE SHOULD WE BOOK OUR DATE WITH YOU?

We suggest booking your wedding photographer 8-9 months in advance. In some cases that simply isn't possible, so we suggest booking as soon as you have a date, time and venue set.

DO YOU TRAVEL FOR WEDDINGS?

Yes, we are happy to travel for your event. The cost of travel and reasonable accommodations can be added to our standard wedding package pricing.

WHEN WILL OUR WEDDING IMAGES BE AVAILABLE?

Product delivery time will vary, but print orders will generally be completed within 6 weeks after the product order is submitted. Let us know if you require rush processing as that is an option for an additional fee.

WHAT IF MY EVENT GOES OVER OUR CONTRACTED TIME?

We understand that events don't always go as planned. If your contracted time is up, but your event is still underway, we are happy to stay. At the end of your contract time, we will ask you if you would like us to extend. If so, we will charge your contract rate and round it to the next 1/2 hour increment.

WHICH PHOTOGRAPHER WILL BE SHOOTING MY WEDDING?

Nicholas will be the primary photographer for all weddings. Depending on the size of your wedding, a second photographer or an assistant may also participate. If another photographer will be participating, you will have the opportunity to view their work prior to your scheduled shoot date.

DO YOU OFFER VIDEOGRAPHY SERVICES WITH YOUR WEDDING PACKAGES??

My specialty is wedding photography and I focus all of my time and attention on capturing your event through photos. We do work with a wide variety of wedding professional and are happy to team up with one of our suggested videographers. Just let me know when you book that this is a service that you would be interested in.

DO I NEED TO ORDER MY PRINTS OR ALBUMS THROUGH YOU?

You are welcome to order your photos or other memorabilia from any print lab. Please note that, while the cost of printing with your local photo lab may be enticing, retail printing services are non-archival which means that they will not retain their quality over time. You may also notice less than desirable color results, as they do not always calibrate their equipment for an exact color match.
