Day of Coordination (Day of Only) Starting at \$700.00

- As your Day of Wedding Coordinator, I am there for you for you on the day of your wedding. You have done all the planning, and now you just want someone like me to fully execute your plans. It's show time, this is your production and I am yours for the day.
- I will also conduct your rehearsal and make sure your wedding day is flawless. Again, your stress levels are at zero.

Event Management and Consultation (1 year to the day of) Starting at \$25.00/Hour

- You have clearly done all the work however you just need someone to look at your plans and make sure they will work. I will give you suggestions from a professional point of reference, give you ideas in terms of how to reach your event goals and you and your team will execute those plans.
- As a consultant I will only give professional advice and will not carry out any of the assigned tasks unless hired by you. At that point you will choose one of the above packages.

All of the above packages include a set number of in-person meetings with either myself or another lead planner on my team. Unlimited emails or skype meetings (within reason) and a number of a la carte items such as décor rental if the inventory is available.

Pricing

My Eventful Life pricing is based on the overall budget of your event. After your initial consultation I will get an idea of what you want your event to “look” like. I can then tell you how much that event will cost you based on the venue, food, décor etc. At that point, I can tell you what my fee is. Any pricing quoted in the initial consultation is an estimate only.

This is a simple formula in that a 100K wedding would obviously cost more for me and my team to successfully execute than say a 50 person dinner.

Thank you for your time and consideration and I cannot wait to get started on YOUR EVENTFUL LIFE!!!
