Frequently Asked Questions

How long have you been a photographer? How much experience do you have?

2019 is my third year as an established professional. I've photographed over 600 sessions including weddings, high school seniors, newborns, events, family portraits, and more. My experience in all these areas of people-based photography makes me a well-rounded and personable photographer that will make your guests smile and feel comfortable in front of the camera. I've worked in all lighting situations, whether they're dark and intimate or bright and mid-day summer weddings. My gear and experience allow me to photograph in all lighting conditions, so rest assured you're in good hands.

What gear do you use?

I shoot primarily with Canon gear, including 5d Mark IV, a top of the line camera used by high-quality industry professionals. Along with that awesome camera body, I carry a variety of lenses including the 24-70/2.8, 70-200/ 2.8, 100 macro, 50/ 1.2, 85/ 1.8. My backup camera is a Canon 5d Mark III. I also bring my flash gear including one on-camera and one off-camera flash mounted on a stand with light diffusing umbrella. And a neat little extra- my Ice Light continuous light for challenging lighting situations such as tight spaces, dark getting-ready rooms, and otherwise pitch black exits.

Can the packages be modified?

Each package is a starting point that can be modified with *additional* hours of coverage if desired. Hours of coverage may not be removed.

Do your packages include an engagement or bridal portrait session?

Wedding collections do not include other portrait sessions, but I offer multiple options to fit every budget at highly competitive prices. Please visit www.uroojphotography.com/packages for options and details or contact me for more information.

How do we get our images and how long does it take to get our gallery?

You will receive your fully edited gallery online within 3 weeks. The gallery will be shared only with the wedding couple. You will receive a private, password protected online gallery with a download PIN that you may share with guests if you wish, and download will be available for the collection or individual images in high resolution. The final gallery will be available for download for 3 weeks.

Do you offer videography services?

At this time, I do not offer video services, but I will work with your preferred videographer (and anyone else for that matter) with the highest level of professionalism and coordination.
