

Congratulations and thank you for looking into your services.

2020 is our 16th year in the DJ business. We work to keep our rates lower than most DJ's as we know weddings are expensive. This is great for our clients as it helps with the cost of their wedding budget.

Below is pricing information and you can find out more about our services and reviews on our website - the link is below. We look forward to talking with you about your wedding music needs.

Since we are coming into the holiday months and this is a slower time for vendors. This is a great time to meet with clients to talk with them about their wedding music needs.

Five - Hour Package ~ 675.00

The price includes up to 5-hours DJ time, use of mics for ceremonies, toast, and we will emcee your events for the day. We tailor the music to what you want to be played using our DJ Worksheet. You will be sent a DJ worksheet that takes us to before the ceremony starts to your last dance.

If we don't have a song you request and cannot get it from one of our three DJ services, we will buy up to 20 songs from iTunes. This price is for one system set up.

Additional DJ Time ~ 25.00

Don't know how much time you want beyond 5 hours. No worries. Just order the 5-hour package, add on time the day of your wedding. The price is the same as if you're pre-paid for extra time and it is put in writing in our contract. If you don't use the extra time, we will refund the time unused time.

We are not like a lot of other DJs who try to up-charge you for more time than you might use". Some DJ's do this by telling you they will offer you a discount to pre-but extra time before your wedding.

Some DJ's will double or triple their hourly rates of extra time the day of the wedding if you don't pre-buy it. Not us, we will refund you the unused time. We do business with others the way we want people to do business with us.

If you want more than 5 hours of playtime, the cost is 50.00 an hour, and we will split that into ½ hour slots, 25.00 for up to 30 minutes. If you want 90 minutes, it would be 75.00.

This way you are only paying for the time you use after the 5-hour package is up.

Lighting Package ~ 100.00 +

Four lights set the mood for dancing. We can set our lights to be a solid color during dinner, your first dances and change them to move to the beat for dancing.

If you're having an outdoor summer wedding or event, dance lights are not effective until it's dark. Unless you're planning a very late-night party, it might not be the best use of your money to order lights. With some venues, now using string lights, dances light are

not necessary either. ** if you're having an outdoor summer wedding, lights are not needed, they are not effective until about 10 PM

Second Sound System ~ 100.00+

Some venues require an additional system if the ceremony is going to be in a different part of the venue than the reception or dinner. The 100.00 price includes the use of microphones, a lapel mic for the officiant and a handheld for the couple so everyone can hear the ceremony. This is one speaker set up. One speaker set up is enough for an outdoor ceremony. A two-speaker set up is an additional 50.00 cost.

If the area is smaller but events are happening in areas close together, a-one system set is all you will need.

Deposit ~ 200.00

A 200.00 deposit holds your date. The remaining balance is due two weeks before your wedding.

Travel Cost ~ 30.00+

If you live 30 miles from 98371 a charge of 30.00+ will be added to help cover the cost of gas depending on how far the drive is on-way. We do not charge for round trip travel.

We look forward to talking to you about your DJ needs and answering any questions you have about our services. If you would like to set up a time to talk either in person or on the phone, let us know.
