Wedding Accommodation

Facilities & Grounds:

The Meadows Event Center & Gardens provides an individual and elegant venue for your special event. The center is designed to duplicate a romantic garden gazebo, including professional landscaping, to guarantee your moment in time is special. The facility is 4,000 square feet and will accommodate 165 people. It is a two level, tri-colored brick building, which is located on a hill crest overlooking the scenic front range and prairie. At night, enjoy a stunning view of the moon, stars and twinkling lights of the surrounding communities.

A porte-cochère provides shelter for you and your guests as you arrive. As you enter the great hall, a fire place and fountain are located on either side. Columned arches, both inside and out, create a warm atmosphere. A distinctive gorgeous crystal chandelier surrounded by eight panels of stained/beveled glass adorn the great hall. A large gazebo and water/fire features will make any outdoor gala memorable, and a pergola / band stand for settings or music.

Your Day, Your Way!

Your wedding day is your opportunity to create a magical moment in time that's all your own. A day that truly reflects your unique relationship, personalities and tastes. That's why the Meadows offers a variety of customizable packages, and we only schedule one event per day so you get exclusive use of the entire venue. Plus, we provide the flexibility of selecting outside vendors instead of locking you into a limited list of mandatory suppliers. Don't have a vendor in mind? We're happy to provide a short list of preferred vendors that have worked at our facility and know how to make everything unforgettable.
