Make-It-Fun Wedding & Reception Package - \$2199

This wedding and reception package is our favorite. It includes everything needed for a fun lake wedding. While traditional wedding ceremonies would have chairs lined up, bride and groom come down the aisle with friends and family properly seated in the audience, the Make-It-Fun offers two other options (table layouts) for a fun ceremony. Imagine this: Your friends arrive, find a table, enjoy a cocktail and some snacks and when the ceremony starts the bride and groom meet at a specially designed center area with the tables of friend and family surrounding you to say your vows. When you are announced as Mr. & Mrs., your friends raise their glasses in a toast and a cheer.

- See our website for details: [Make-It-Fun Page](#)
- All the above offering except no deck conversion. The tables are setup initially On the deck.
