Food & Non-Alcoholic Beverage Minimum – pricing requires consultation

The Food and Non-Alcoholic Beverage minimum is just a minimum requirement, not the final food and beverage charge. Actual costs are determined by respective date, menu selections, and guest count. **Please Note: All food and beverages must be provided by Millcreek Inn. Menu pricing is subject to change as determined by market fluctuations. This minimum does not include facility rental, bar service, outside vendor services, tax, or service charge.**

Pricing & Payment

Please note that ALL prices are subject to change until a contract is signed and a date is reserved. Current restaurant sales tax is charged to all taxable items. A 20% service charge is added to the entirety of the function bill. This is not a tip, so if you want to tip your servers and bartenders please bring cash. A guaranteed count of guests is required ten days prior to your function, at which time, the function bill is prepared, and full payment is due no later than seven days prior to your event. All attending guests are included in the function bill. We are committed to providing menu items and services to each of your guests. In the event that attendance exceeds the preconceived count, each unaccounted guest will then be added to the final function bill.

If you need more time for setup, you will be charged an additional \$200 per hour. This option is only available if we do not have another event scheduled the same day as yours. In the event that you need the facility all day (9:00am to 11:00pm) it is the evening pricing plus an additional \$2,000.
