## PRICING STRUCTURE

You have had dreams of your wedding day since you met your special someone. We know how much time, effort, planning, cost and heart and soul that goes in to this once in a lifetime event. We want to make your day a hassle free affair where you can relax and know that you are in good hands!

Our job is to provide you with what we call "Worry Free Entertainment". There are several ways we accomplish this, but the way we start is by holding a meeting with you and learning what your expectations are of us. During our meeting we discuss timing, flow of formalities, your "do and don't play" requests. We want to know everything about how you see your special day happening. Then, come the big day, we take care of the details and you enjoy the company of your guests.

Another part of our worry free promise is to provide you with a professionally trained, appropriately dressed DJ/Emcee. It's unfortunate that there isn't a test or certification before a DJ can call themselves a professional. If there were, you would see a lot of "weekend warriors" who use home stereo equipment drop off the map. The Good Guys don't need to take a test. All Good Guy Productions DJ's have pride in themselves and integrity. We strive for 100% satisfaction and we will try our absolute best to provide this for you. We care about the success of your event as much as you do.

One more part of our worry free promise is our reference to the quality of sound and lighting equipment. We use only pro-grade equipment for our events. I'm sure you have all heard the horror stories of malfunctions and breakdowns at someone's wedding, well this won't happen with us. JBL speakers, Pioneer CD/Media players, American DJ, Martin, Chauvet lighting ensure that there will not be a problem.

Lastly, but certainly not least important, let's discuss the music selections. We have all types of music represented from the Big Band era to what you hear on the radio today! Our music sources are delivered on crystal clear 320 bit MP3 format which has a much better sound than the compressed and compromised MP3's that some DJ's use today. The Good Guys subscribe to the "Promo Only" line and "RPM's Top Hit's monthly" music distribution companies which mean that we are licensed and authorized to play music at your event. We literally have anything and everything you can ask for at the job with us. We don't know what will be requested at your event so we bring it all. We love taking requests and guests trying to stump the DJ.

### **Package #1-Five Hours of Entertainment- \$1495**

All of our packages include: Experienced DJ's dressed appropriately for event, Professional sound system designed to adequately fill your venue with music, wireless microphone for toasts and announcements, dance floor lighting package. This really is an amazing set-up.

Our standard rig includes a JBL and Pioneer sound system run by a Mac Computer. Our standard lighting rig (if venue room allows) includes an illuminated facade in front of the DJ and an LED motion drape curtain behind us. We will also place a 10' stick of truss with a mirror ball type light, strobe light, black light and a moonflower light to throw color and patterns on the dance floor.

### **Package #2-Five Hours of Entertainment-- \$1795**

Our second package is an extension of the first one. It has the same features but with a sound and lighting upgrade. We'll take the original package and add on some additional lighting fixtures such as moving heads, lasers and even fog machines (if the venue will allow). In addition, we'll rumble the building to the foundation with our 18" 3000 watt Yorkville subwoofers. If you are serious about having an amazing party and want the club experience, this is it.

### **Package #3 Eight Hours of Entertainment- \$1995**

If you think you can handle it, we'll keep the dancing going for an additional three hours for \$500 MORE.. However, we're going to make you sign a waiver that the blisters on your feet are not our responsibility.
