

## SERVICES

### Design Planning and Virtual Styling

Our design planning services helps clients determine what is needed to make their dream event space come to life. This is accomplished by compiling a book of inspirational images divided into specific categories that are then customized to each element of a client's wedding. Knowing that life is busy, and a client's time is valuable, this package eliminates the need for clients to spend hours doing research to collect images to show to vendors at consultations.

*Package starts at \$300*

### Wedding Party Florals

This package offers florals for clients and their loved ones who have volunteered to be a part of one of the special events that life has to offer. Elegant and classic touches are always incorporated into the pieces that the client chooses. Whether the request is for bouquets, boutonnieres, corsages, and/or floral crowns we can be trusted to provide impactful and beautiful arrangements.

*Package starts at \$700*

### Design Styling and Event Management

Our design styling and event management package assists clients in putting together a one of a kind design filled with personal touches. We also assist them in piecing together all of the final logistical details before their event to insure the details function smoothly. From developing design concept boards and finalizing vendors to creating a flawless day of schedule we are there for our clients before one of the most important days ensuring an unforgettable day with memories to last a lifetime.

*Package starts at \$1000*

### Event Florals

Whether you have dreamed of gorgeous florals to accent tables at the bridal shower you are hosting for your niece, a mother or father looking for florals for your son's rehearsal dinner, or you are a bride who has envisioned a specific style of flowers to accent the wooden arch at your wedding we would be happy to help execute your vision to perfection. We excel in providing florals that will transform your event spaces into things of beauty providing products from single centerpieces to floral packages that can include: centerpieces, bouquets, alter arrangements, as well as floral creations designed to transform an entire event space.
