

## INCLUDED IN ALL PACKAGES

### **CHARMING PHOTOGRAPHERS & ASSISTANTS**

You will get me as the lead photographer every time. I never double book dates and I never send a replacement. Accompanying me will be either an assistant (small package) or 2nd professional photographer (all other packages) who will be able to capture events happening in another location, or from a second vantage point to ensure that every special moment is documented.

### **EDITS AND ADJUSTMENTS**

These are small changes that I make to the photos to make them look “just so”. I edit with a delicate touch to give you a timeless and natural photo collection. I spend as much time as is needed in order to ensure that you’ll smile when you see each one.

### **ONLINE GALLERY**

After I’ve edited and polished your photos, I upload them to a password protected web gallery. This gallery contains full resolution files that you can browse, sort into collections, share, and download. You can also order high quality professional prints in a range of sizes directly from the gallery.

### **PRINTING RIGHTS**

Print them here, there or anywhere! I am happy to assist you in your printing needs, but I will never take away your right to print and share your photos.

### **FLASH DRIVE BACKUP**

I always recommend downloading your entire photo gallery and storing it on a hard drive in a safe place, but just in case you forget, I also backup the entire gallery on a flash drive, and mail it to you for safekeeping and easy transport.

### **A DELIGHTFUL DAY**

I’ve carefully chosen my assistants & 2nd photographers, just like you are carefully choosing your wedding vendors. Personality is just as important as a creative eye, and it is our highest priority that you have an amazing wedding day! While we are getting the shots, we will also be naturally interacting with you, your wedding party, and your guests. It’s more fun if your photographers are smiling and genuinely having a ball. (Calm, kind and courteous are also in our bag of tricks).
