## The Knot + Wedding Wire Reviews

"Kayla was creative, prepared, and the best photographer we could've asked for! Based off of the work we received and interactions with Kayla, we are confident that she would treat all future weddings with such detail and commitment. She was organized, collected, and able to coolly capture everything amid the wedding chaos. Our Houston wedding had over one hundred people, but she made a point to have everyone involved in photos, while still emphasizing us and those closest to us. From walking down the aisle, to cake, dancing, formal group photos, family, us two, and original shots we could not have known to ask for, she captured it all. She has a bright future with this and think she would be capable with large and small weddings alike. We really do cherish the photos she provided us with and are so thankful for her work with us!" -Shawn

"What an experience we had! Kayla did an excellent job. I felt like she was legitimately part of our wedding, like a family member. She was extremely receptive and I really enjoyed having her and her partner around. I would highly recommend her. Kayla sent us her favorite pictures on the same day as our wedding!!" -Courtney

"YES, you should hire Kayla as your wedding photographer. No question. Choosing Kayla to shoot our wedding was one of the best (if not the best) choice we made for our wedding needs." -Taylor

# ENGAGEMENT REVIEWS

THE KNOT + WEDDING WIRE

"Not only are her photos amazing, she is also the sweetest person so laid back and professional. She is so good at making you feel comfortable and happy in front of the camera. She knows what she is doing & is very good at coming prepared. She sent us sneak peek of our engagement photos, literally 2 HOURS after leaving. We received our entire gallery, LESS than 1 weeks after our engagements were taken. I could write an entire book on how amazing Kayla is but I am very confident you will be pleased working with her."

-Taylor

"Wow y'all! Where do I even start? Kayla is not only an amazing photographer but an amazing person as well. Hubby and I were super nervous about taking pictures with a professional photographer. Would it be awkward? What poses do we do, etc. Kayla made it SOOOO easy! Her down to earth demeanor and chill personality made our nerves melt away. Once the shoot was over she gave us an estimate of when the pictures would be sent to us and to our amazement we got the pics less than a week after our shoot. We've since used her multiple times and wouldn't book anyone else! Look no further, book Kayla!!"

-Megan

"Kayla took our engagement photos and my bridal portraits. She did a fantastic job making my camera-shy fiancé comfortable behind the camera. Our photos turned out absolutely beautiful and we've gotten so many compliments on them! Kayla has a knack for finding the perfect light and knows just the right poses to capture. I would and have recommended her to everyone I know! Hire Kayla for all your wedding related photo needs!"
