## **Party Planning**

All business and personal party planning services are charged at an hourly rate of 35.00 per hour. The client decides what is needed from the planner for their specific event and contract will reflect the specifics of the agreement between WGE and client.

## **Showers, Luncheons, Brunches, and more!**

Small gatherings such as bridal and baby showers, lady's lunches and brunches, bridesmaid luncheons, Holiday parties and teas, family reunions, surprise birthdays, anniversary parties! Let us handle your smaller events so you can focus on the memories made with loved-ones and friends.

## **Vendors**

WGE "partners" with specific vendors but will work with any vendor the client desires. There is no obligation to hire "partners" we are associated with. Our relationship is purely symbiotic in nature as a mutual referral system to support each other's small business venture.

We have not partnered with a caterer. We will work to match up the perfect caterer or restaurant that fits into the client's budget and culinary tastes. Most major venues require that clients use their facility's own catering service.
