

THE 2021 WEDDING

Pricing Guide

A LITTLE BIT ABOUT

US...

- ▶ we are Kelsey + Joel, a husband + wife team who happen to like each other a whole lot
- ▶ usually laughing, eating, watching the Office or snuggling our cats
- ▶ probably watching The Office (again cause it's that important)
- ▶ real memories and moments over perfect poses *forever and ever amen*

WHAT WE'RE ALL ABOUT

Our hope is that for people we work with, photography is so much more than just something to check off your wedding checklist. To them, it is an investment in the memories + moments that they are creating. To them, the moments are way more important than getting the pretty pictures.

If we are part of your wedding day, you can bet we're gonna pour our heart + soul into capturing your day and deliver you images full of love and emotion. We don't just want to be another vendor you hire to cross that item off the list. We hope you can connect with us, our work, and our heart as a photographer because we firmly believe that's a recipe for some meaningful (+ pretty!) images.

WHAT IT LOOKS LIKE

to work with us

we want to to photograph your wedding honestly & beautifully (and we believe the most beautiful photos come from the most real and honest moments). We capture your wedding day as it happens -- staying away from posed and contrived & leaning into the candid and real.

Kelsey studied Photojournalism in college & brought that sentiment into her wedding photography when she first started shooting. Our mantra is moments over posing, forever. We want you to look back at your wedding photos and remember how it *felt*. *We work with all our couples*

to create a timeline centered around a hurry-free day. Allowing you to get married, enjoy the moment & have beautiful images that you can cherish forever (without feeling like all you did all day was take photos).

Couples we love to work with

it's important to us that we work with couples who value their wedding day even more than their photos. Couples who love the real moments and desire to have their wedding day captured honestly, authentically because as photographers, that's where we thrive.

LET'S MAKE IT OFFICIAL

How to book

Let's meet up for coffee or chat on the phone to get to know each other & get all your questions answered! Once we decide to make it official, there will be a non-refundable 30% retainer due upon booking & I will send out a contract to be signed. Both of these will be sent online & can be paid/signed online, as well. Once I have those things, you're booked! Easy peasy!

excited to chat more!
