

Pricing for Millstone Studios Wedding Favors

Handmade, personalized soap for your special day will add an unique touch for your guests to remember you by.

How it Works

- We will meet and discuss the multiple options available in creating your personalized soap favors. We will decide on wide variety of essential and fragrance oils, as well as colors to go along with your theme and color scheme.
- Each cube is approximately 1" and you can choose a stamping design at an additional cost. These can include first names or initials of the Bride and Groom, and/or the date of your wedding. Then each cube will be individually wrapped in lace and tagged with a message of your choosing.
- Once we have made all the decisions, I will begin making batches of your favors depending on the quantity ordered. This will take about 2-3 weeks to complete the soap making process.
- Next, the soap will need 4-6 weeks time to allow for the curing process. This means that the water will need to evaporate and ph levels will balance out so your favors will be ready to use. During this process I will be stamping the soap and wrapping them up.
- Once finished they will be delivered to your venue or mailed to you. I can also provide a basket to put the soaps in and sign with a deposit. The basket and sign will need to be returned to me within 5 days after the event.
