A LITTLE BIT ABOUT ME

I'm Bridget Couwenhoven, a natural light wedding photographer based in Minneapolis. Growing up, I always had a camera with me. I'm talking the digital point-and-shoot ones with the capability to select one color in the image to keep and change the rest to black and white? Teen Bridget thought this was awesome. Little did I know at the time, but that camera would fuel my interest in photography that would later develop into a burning passion. What drives me is being able to capture moments in images that I can't express in words. Moments that aren't perfectly styled, posed or created, but beautiful in a way that only something true and real is.

Besides photography, I love being outside and experiencing all the weather Minnesota has to offer. I always have around 16 or so books downloaded to my phone for when the opportunity arises. I re-watch the same New Girl episode over and over. The one where Winston learns how to use a ruler, Schmidt tackles laundry, and Nick realizes that he "wants to be the someone that somebody is looking for."

In a way, that's what I want to be for you. Someone you can be yourself around, laugh with, cry in front of. Someone you can trust to let into your life to capture the big, small, and in-between moments between you and those you love. I'm honored that you are considering me as being that someone.

LET'S GO!

"Bridget is not only amazing at what she does, collaborative and talented but she is a super warm and fun person!"

ENGAGEMENT SESSIONS

“Bridget makes you feel so comfortable when taking photos. I am extremely awkward and hate posing, but she made me feel at ease and made the whole process fun.”

- Danielle + Curt

MORE TO LOVE!

1. A time to explore nature together and tell me your story.
2. I'm a big fan of engagement sessions for many reasons. The first being that you are most likely way more comfortable and able to show your personality in everyday outfits over formal wedding dresses and suits. It's a special time to embrace the season of life that you're in and capture the simple ways you show love to each other. It helps me see how you interact with your honey and builds trust between us before the big day. Instead of a casual hello to me on wedding day, it's giddy excitement and hugs all around.
3. It's totally normal to be nervous. I don't know many people that enjoy kissing in front of a camera. I set the mood by blasting music and incorporate interactive prompts to encourage you to feel like it's natural instead of robotic.
4. Adult beverages, favorite songs and movie quotes are welcomed. Always scheduled within 2 hours of sunrise or sunset for that niiiice light.

FAQ

How far out do you book?

Weddings typically book 12-14 months in advance. Engagement sessions can be booked sometimes as soon as a month out, but varies depending on the time of year.

What if I don't enjoy taking photos? Will you still be able to get good shots?

Many people dislike being in front of the camera and I regularly get this question! You are not alone! My main goal is to empower you to enjoy your wedding day or engagement session as if I weren't even there. It's a low stress situation, and I guide the photography by noticing how you already interact and pick up on that. You would not believe how beautiful it is to just walk together in nice light, and that's what I'm here to do for you. Not changing how you interact, but placing you in the best framing and lighting that our surroundings have to offer, so that you are led to see things how I see them when you look at your images.

When will we receive our photos?

The online gallery for a wedding is ready within 3 months of your day. Engagement galleries are delivered within one month. Within a week of your wedding or engagement session, I will send you an online preview gallery of my favorite images that give a good overview that you can share with family and friends. For a wedding this is around 50 images, for an engagement session it is around 15 images.

How many images do you deliver?

I edit and share with you all of the good ones! I don't limit myself to a certain number because every wedding is so different. Instead, I aim to fully capture the story and feel of the day.

Can we see a full wedding gallery?

Absolutely! Email me and I will send you a link.

Can we post our photos online?

Yes! Please do. Just be sure to tag or mention me in the caption.

Do you really watch the same New Girl episode over and over?

Season 4, episode 8? Guilty.

Do you travel?

I do and would love to explore new places with you. Email me the details and I will create a custom travel quote.

What if we want to reschedule due to weather, a bad haircut, etc.?

While most of the time I actively embrace the weather, I want you to be comfortable and I don't want to ruin my gear. We will work together on what's best; I'm typically pretty flexible. That being said: rain, wind, snow, and all of the other weather patterns MN throws at us can add an element of beauty to an image. The bad haircut though? We can wait a few weeks.

“ Bridget made the entire process simple and easy, and she made great recommendations regarding what photos we'd need so we didn't have to worry about anything. We can't recommend Bridget highly enough. She knew just where we needed to stand, just when the light was best, and just what to tell us to get us to do what she needed for the shots. ”

- Rolf + Ann

“BRIDGET, THE PHOTOS ARE AMAZING AND WE ARE SO THANKFUL FOR YOU! I cannot stop smiling whenever I look through them....which is often. You captured the day perfectly! Thank you!!”

- Kelsey + Josh

timeless memories

“We cannot recommend Bridget enough based on our incredible experience! We chose her for our engagement and wedding photographer and we will honestly cherish both the photos and the memories forever.”

NEXT STEPS

MORE QUESTIONS?

I would love to get together in-person, chat via Face-Time or (everyone’s favorite pastime) schedule a Zoom call. I try to cover all of the info you could need, but sometimes there are specific questions you are wondering about. Wedding spots fill up fast, so reach out today!

READY TO BOOK? Woohoo!

I am so excited to work with you! Next steps are going over some details via in-person or on Zoom. I will then send you an Authentisign contract through your email where we can sign online. 50% of your final total is due then. After that, the remaining half of payment is due one month before your wedding date, and we will continue to be in touch about scheduling, photo locations, all the good stuff!
