Greg and Rachel Gould look forward to welcoming you to the stunning 3S Ranch on your most special of days.

Nestled at the base of the Mission Mountains, stunning peaks and picturesque fields provide unique backdrops for photos and nuptials alike. The venue will accommodate up to 100 people offering that intimate feel of a Montana Ranch destination wedding. The Ranch provides the essentials, and you bring decorations and special items to make it complete. The Ranch itself is home to rescue animals, mostly dogs and horses, and has abundant wildlife surrounding the venue including deer, fox, hawks, owls, eagles, and the occasional coyote, just to name just a few.
