CONGRATULATIONS!

Let's get to know each other!

What a special time for you guys! Thank you so much for your interest in me and my work! I am truly so glad you're here.

For me this is SO much more than shooting your wedding, delivering the photos and walking away. I strive to get to know you and your partner to create a trustworthy and friendly vibe from the start! My goal is to create an environment where you guys don't hesitate to share your craziest of ideas, and for you both to feel comfortable being your authentic selves.

Your vision is what matters for your big day...

Let's make it happen!

MORE INFO

"Tell me about Engagement Photos!"

I think the engagement session is such a beautiful way to document your love in the most authentic way to yourself! You can do absolutely anything you want! PLUS, this is a fantastic way for us to meet and get to know each other even more before your big day comes along! The vibes will be immaculate because of the engagement session!

There really are no rules for the session, but typically couples will have their session done maybe 5-6 months in advance to their wedding so they can put the photos on their save-the-date cards and invitations!

"What is Timeline Assistance"

When we get about 1-2 months out from your wedding date, we'll have a meeting together where we will walk through your wedding day hour-by-hour. From this information, I will create a basic itinerary that keeps everyone on the same page. I will share with you as well so you can pass it along to your bridal party! During this meeting, we will make sure we have all of our last minute details in place so we're ready to rock and roll on the big day!

"Is there a deposit to reserve you for our date"

Yes! The down payment is 40% of your total. This will come off the total price, it is not additional.

"Can we add hours or other services to either package?"

Additional hours can be added on to either package at the rate of \$150 per extra hour. The only additional service that can be added is the engagement session to the Gold Package for an additional \$300.

"What is the Print Coupon?"

Once you've received all your photos and cried over your gallery in the bathroom stall at work on a Tuesday, you'll have the option to download all your images, create a favorites list, and/or order prints! This \$40 coupon is towards prints ordered straight through your gallery. The prints are fulfilled through Mpix.

Ordering prints through the gallery is not required, but they are really high quality and you do NOT want to get crappy prints for such important memories!

EVEN MORE INFO!

"Why would I choose 8 hours vs. choosing 6 hours?"

In my opinion, an 8 hour timeline is the most optimal timeline! You can choose to lean heavily into "getting ready" photos. In your suite we can capture you and your girls drinking a few mimosas in your robes, then head over to the men as you slip into your dress. OR you could lean into the reception if you know that you and your party are going to be having some crazy moments out on the dance floor! (Or if you're throwing the groom into a pond or something... Wouldn't be the first time!)

If you do not plan on doing a first look, I would STRONGLY recommend at least 8 hours! Because you and your partner will not be seeing each other before the ceremony, this means we'll have to take all of the photos with you both in the frame after the ceremony! Don't get me wrong, it's totally doable! We'll just need that extra time before and after your ceremony. We can chat more about this, shoot me an email!

In the end, its up to you! The advantage of additional hours is the flexibility!

"Okay! Let's do this! How can we book you?"

I truly cannot express how grateful I am for the opportunity to capture the love that you and your partner share! I can't wait to work with you! Feel free to shoot me an email or a text message (563) 505-1682 and we can get the ball rolling! I'll send you a service agreement and an invoice. The deposit is required 2 weeks after booking and the remainder is required 2 weeks prior to your wedding date. You can pay in small payments, lump sum, carrier pigeon, whatever you need to do! These details will also be explained in the service agreement.
