WEDDING STATIONERY
INVESTMENT

tailored, intentional & cohesive

INVESTMENT

For the couple seeking a truly bespoke experience, each project has a unique concept and desired outcome. All my wedding stationery design work is 100% customized, as I don't work off templates. Instead, I will tailor your specific vision and circumstances to a curated design, catering to your taste and style, and making it very personalized.

A custom wedding design allows the opportunity to be your personal ambassador. Your wedding will tell your narrative visually and emotionally with a purpose while maintaining an intentionally cohesive look across all aspects. Every fundamental signature element will work together and convey meaning while bringing it to life.

Total investment for custom design and creative services can typically be between \$5000 - \$25000+ for all wedding details — from save-the-dates to wedding invitations to wedding day elements.

“Price is what you pay. Value is what you get.”
