My Philosophy

Your marriage is an expression of eternal love that you have for one another.

Each one of my clients are at the heart of my wedding photography with their own unique love story to tell. It is that love story that everyone of us wants to express and celebrate at our wedding. That is what fuels me to do my very best photography for each and every one of them.

Your wedding is the most important day for you both, and I know you want wedding photos that you can treasure and hold close to your heart for the rest of your life.

Time, above all else, is an absolute commodity that we all should cherish together, and is worth more than anything in this world. Your wedding day is a reflection of that time. What is your love story?

Let me help you express your love story through my wedding photography.

Ryan Clark

Behind The Camera

Wedding photography embraces all aspects of photography that I enjoy in one day. From candid, photojournalism, portraiture, group, landscape, macro, B&W, and abstract.

"The photographs that I love to take are a reflection of my soul. I aim to capture a moment in time that is fleeting, overlooked or possibly unrevealed to the naked eye. I look for beauty in even the most trivial scenes while attempting to transmit that via photography."

YOUR WEDDING DAY

A myriad of emotions make up your wedding day. From tears and laughter to sentimental and reflective.

I strive to capture those fleeting moments in time that will last you an eternity. It is in those moments that we find the most authentic emotions.

This is the commitment that I have for you, not just as your photographer, but as a friend who has been entrusted to freeze those moments in time, forever.

FROM BOOKING TO RECEIVING YOUR PHOTOS

Ryan was the best photographer we could have asked for. He was attentive to our needs and flexible to the changes we had at the last minute.

He was adamant that it was our special day and did everything possible to make sure it went off perfectly. Highly recommend!!

FAQ

WHERE ARE YOU BASED? AND DO YOU TRAVEL?

I am based on the beautiful coast of Virginia, but I do travel all over the state and into neighboring states as well as Wisconsin. I want to make sure it is an affordable and easy experience for you both so I'm more than happy to send through a customized quote before locking you in. I only charge after the first 50 miles away from Chesapeake, VA.

WHAT IF IT RAINS?

Nothing will get in the way of making your day special! I will use umbrellas or look for the perfect undercover area. As long as you're happy to roll with the punches then I am too!

HOW LONG DOES IT TAKE TO RECEIVE OUR PHOTOS?

My turnaround time is about 2 - 3 weeks from the wedding day.

WE DON'T LIKE POSING AND ARE BOTH A LITTLE AWKWARD?

That's perfectly fine! I'll talk you through it and make you feel as comfortable as I can! I will suggest a few poses and we will go from there. If they don't feel right or isn't working, we will simply keep it moving. We will just let it unfold naturally. Forget the camera is even there and remember why you fell in love in the first place. If this is something that concerns you, I highly recommend booking an engagement session with me. This would give us a chance to get to know one another and answer any other questions you may have

DO WE NEED TO FEED YOU?

Yes, please! I will be on my feet all day, I don't stop. I'm like a photographic ninja. All I ask is that you let your coordinator know that I need to eat at the same time as the bridal party as I need to be available to continue photographing.

HOW DO WE RECEIVE OUR PHOTOS?

I will deliver your photos initially as an online gallery followed by a usb via the mail.
