

CUSTOM WEDDING PACKAGES FOR EVERY BRIDE

I offer truly personalized photography packages. You won't see a list here of "what's included" – instead, we'll start with an honest conversation about what you *want and need*, and what fits your budget.

Connection, collaboration, and creation, from the very start.

To help you determine if I will be a good fit for your budget & your style, please refer to the information below!

Full Day Weddings

investment begins at \$1250

Elopements, Micro Weddings & Proposals

investment will be priced on a custom-basis

Step One:

Inquire & Connect.

I speak personally to every potential client, because I believe that exceptional photography is personal. We'll discuss your values, the logistics, your budget, your inspiration, and we'll review any questions on your mind. To meet you where you are, I offer customized packages, payment plans, & military discounts.

Step Two:

Proposal & Planning

I send over a customized proposal that is clean and simple, and includes all the details. If you love what you see, you'll simply sign the contract and pay your retainer fee to secure your date. Then, the planning begins! We discuss inspiration images, important relationships, colors, and more. If applicable, we create your mood board, timeline, and personalized photo list.

Step 3:

Details & Delivery.

Every single image passes through my fingertips as post-processing is done with a refined eye. Where applicable, I offer sneak peeks within 72 hours. Once you receive your online gallery you can instantly download, share, and print your images. I can also create a custom-curated album that will become a cherished heirloom.
