

Unlock an Extraordinary Experience.

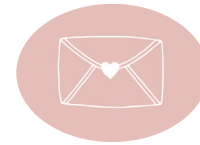

Transforming wedding culture, one authentic celebration at a time, by using customized tools to craft the perfect ceremony and help you succeed & shine when delivering vows, speeches & toasts.

Exchanging Vows

I ask you to dig deep in order to rise high. Together, we approach the work of crafting wedding vows in your own words with sincerity, humility & humor. By inviting couples on a journey of self & shared discovery, we put pen to paper as we find those exceptional moments that become your vows.

Officiant Services

I welcome all identities, cultures, rituals, religions & traditions. Whether you envision a ceremony that is long, short or in between, I work with couples to customize & personalize the experience. It is my honor to rehearse, officiate, coach non-officiants & be the license signatory in the Americas & abroad.

Speeches & Toasts

Every speech and toast should reflect the personality of the speaker. I invite mothers, fathers, sisters & brothers, maid & matrons of honor, best men & any other members of the wedding party who would like to prepare a memorable and beautifully delivered speech or toast to engage with me.

Ceremony Planning

The dynamically crafted exchange of the spoken word is the foundation of the wedding ceremony, from the marriage vows to readings, poems, & sonnets. Altogether, the ceremony is at its most affecting when it tells a unique story from beginning to end. As your dramatist, I will create a custom & personal ceremony.
