

Why **JIM DORSEY** and
CURTIS BLOOM *are the ones*
to call for YOUR event

"When once in a lifetime moments happen, you want your photographer to capture them! Jim Dorsey is always there. He doesn't wander off. He pays attention to the guests. He's rarely out of sight of the D.J. or M.C. and always knows what to do and when to do it. Jim was the best choice I made on my wedding day and for several of my friends' weddings as well!"
