# Your Experience

The experience you have on your wedding day and the pictures you have to look back on are moments you will treasure for the rest of your lives. They are images which will make you laugh, cry and fall in love over and over again. Images you will show your children. Your grandchildren. They are images I want you to love.

We will be having fun all day while I make you laugh, capturing those genuine reactions. I'll be gently coaching you so there's no need to worry you won't know how or where to stand. You can trust that I will be there to keep us on track while your focus will be where it should be - on each other!

From the moment she says "Yes!" to when you both say "I Do", I want to be with you through this journey.

# The Investment

Photographs and videos are the very things that remain from your wedding day. Everything can fade without the images to look back on.
