# engagements

Your wedding day is one of the most important days in any couple's lifetime together; a good photographer should be able to blend into your partnership and make you feel at ease the whole time. Shooting an engagement session not only gives you a beautiful set of memories to cherish, but it also allows you to experience what the relationship with your photographer will be like on your wedding day. One of the best parts is that you don't have to be formal at all for engagement shoots. Have a snowball fight in the fresh winter snow, or take a walk along the tracks and wave to the trains as they pass, anything that strikes your fancy. We'll be there for anything!
