---

### Compact package

Unlimited photos taken throughout 4 hours (preparation for the ceremony, ceremony, couple session).

A link to download all the images in high resolution, all images are retouched and digitally optimized in Photoshop (averaging about 50-75 per hour). The link will include a copy of all the images retouched in both color and black and white. The link to download the photos will be sent 4 - 5 weeks after the wedding and a summary with the best images will be posted on the Stories Wedding Photography website blog.

---

### Regular package

Unlimited photos taken throughout 6 hours (preparation for the ceremony, ceremony, couple/family session, reception).

Second photographer/assistant. During the ceremony and reception, they will shoot as a second photographer in order to capture additional angles and the many special moments that occur simultaneously. During the couple/family session they will act as a lighting assistant. A link to download all the images in high resolution, all images are retouched and digitally optimized in Photoshop (averaging about 50-75 per hour). The link will include a copy of all the images retouched in both color and black and white. The

### **Extra day session            \$700**

It's a 2 hour session that can be held the evening before or the morning after the wedding. This allows us to set up a more relaxed atmosphere and to get more creative, interesting, and different locations. We will propose a variety of nearby settings depending on your interests: waterfall, beach, forest, unique architecture, even underwater - anything is possible!

The photographer and assistant will shoot the session together, using a lighting system, even for outdoor settings.

Or if you want we can shoot your rehearsal dinner, catamaran trip, trash the dress, you name it!

---

### **Photobooth                    \$450**

Guests and family will love this informal and unique way of capturing uninhibited moments. The photo booth is a small studio set up with lighting equipment manned by a second photographer. Unlimited photos will be taken for 2 hours after dinner, during shooting hours. Creative props allow booth users to add a touch of comedy to these portraits. (Props are not included).

## **Important notes**

All packages include two photographers, digital retouch of all the material, transportation, lodging, and full rights to print as many copies of the downloaded photos as you want.

A 50% advance is requested to book a date officially and all prices are subject to change until the deposit is made.
