hello there!

HEATHER SCHARF PHOTOGRAPHY

FASHIONED WITH LOVE, CRAFTED WITH PASSION!

I thank God everyday that He has blessed me with my passion for photography especially since I get to hang out with the happiest people on Earth...couples in love! It is almost as if I have been training for this role my whole life without realizing it! I cry at every wedding...(and Yes, I will tear up at yours), have boxes filled with memorabilia dating as far back as 7th grade, and so many photo albums I could stack them to the heavens. I am obsessed with preserving memories and I believe it is all these things that make me the passionate photographer I am today.

Most of all, I love that I get a front row seat to the biggest day of your lives. It is an honor that I do not take lightly. I live to capture the fleeting moments, the stolen kisses, and the single tears that happen so quickly, yet when photographed are preserved and remembered for generations to come. I love getting to know my couples and if I could I would listen to love story after love story with a bowl of popcorn and a glass of wine every night :) I LOVE a good love story and I cannot wait to tell yours! I look forward to meeting you both!

FAQ

DO YOU TRAVEL?

Yes! I would absolutely love to discuss travel details for a custom quote

SHOULD WE DO ENGAGEMENT PHOTOS?

Absolutely! This is such a fun session that gives us a chance to get to know each other! I learn how to photograph the two of you, you learn how fun and easy it is to be photographed by me, and come your wedding day, I feel more like a friend versus a vendor! Sessions are 2 hours starting before sunset and you can bring your pet, a few outfits, and any props you'd like.

WHO IS YOUR 2ND PHOTOGRAPHER?

I have 3 different second photographers that I work with, all of whom have their own wedding photography businesses! I have been working with them for several years. They are all so incredibly talented so you are in good hands!

HOW WOULD YOU DESCRIBE YOUR STYLE?

Real. Fun. & YOU. My focus is capturing what makes your love for each other so unique and doing it in a way that brings out real moments between the two of you. I live for capturing the candid moments that happen between the poses. They happen so fast, yet define so perfectly everything you love about each other. I love natural light but also appreciate the artistic images that a flash can capture at night. You will get a huge variety of images in your gallery!

THIS ALL SOUNDS GREAT! WHAT'S NEXT?!

So glad you love what you've learned so far! I would love to set up a meeting with you both so I can hear your story and all the wedding details!

XOXO
