Your wedding day is one of the BEST days of your life!

Your wedding day is going to be full of incredible details, meaningful, sweet moments, and people you love. You want each and every one of those details and moments to be captured beautifully, in a way that will allow you to relive your wedding day over and over for years to come.

Hey, new friend!
—I'm Lisa

Lisa Joy Photography was born from a desire to be creative and to capture beauty and joy for others.

Wedding days unfold in unique ways for each and every couple. Nothing makes me happier than being there with you on your wedding day, freezing each precious moment in time. Telling the story of your wedding day, with all of its nuances and special little details... truly makes me smile from ear to ear.

I started Lisa Joy Photography in 2020, right in the middle of the pandemic, going from being a work-from-home mom to a busy photographer. Photography allows me to serve you in a unique way - I will be a calm and assuring presence on your wedding day, I'll make you feel like a million bucks, and you'll have a friend for life.

"The personal way [Lisa] handles each client for their special day makes her just a joy to work with and trust with this very special job."

-Deb Harris

Experience

I would love to share what it's like to work with me, and to spend the day with me as your photographer...

First, I mean it when I say that I am SO. STINKING. EXCITED. that you reached out to me. It's such a freaking huge honor! I absolutely adore hearing about my couple's love stories, and I cannot wait to hear YOURS.

My business values are as follows: Fantastic communication. Quality service. A new friend for life. I will be there for you in any way you need on wedding days. I'll tell you exactly how I want you to stand, how to kiss your partner in the most flattering way, when I want you to just be in the moment, and when I want you to pose. By the time we get to your wedding day - you'll know you can trust me and count on me.

Love Notes

"Lisa was amazing to work with!! We felt incredibly comfortable and taken care of in front of the camera, and she was so confident and at ease behind the camera that we had no concerns leaving our wedding in regard to our photos. We received a preview a couple days later (followed by our ENTIRE gallery maybe a week after that) and we were so impressed with the quality of our photos! Our friends and families were very impressed as well, we love all of our photos!! Lisa was so attentive to how we wanted our day to go and was very kind to everyone involved while keeping a very tight schedule while capturing everything beautifully! We appreciated her work ethic while being so graceful in capturing our wedding day - we 100% recommend!!!"

Second Photographer

"Lisa was our wedding photographer. And we are so thrilled we found her! My husband and I are a little shy, but she made taking photos a breeze and so comfortable. The shots we got back are incredible! I couldn't be happier with the results, thank you Lisa!"

-Kayla + Marques

Though I am 100% capable of photographing your wedding on my own, here are some reasons you might want a second photographer there as well...

If the following sounds important to you and your wedding day, you'd be the perfect candidate to hire a second photographer:

- Getting ready photos of both bride and groom matter to you
- Alternate angles and extra photos during the ceremony
- You have a long wedding day, and lots of moving parts
- You're expecting over 200 guests
- You want extra photos of both sides of the wedding party
- Cocktail hour photos of your guests are important to you

Flat Lay Photo Albums

Here's why I believe that a Wedding Album is going to make a difference in this experience for you.

I'm such a big believer in printing your photos, I'll do it for you! Picture a high-quality, flat-lay album (you get to pick the cover color), that you can keep out on your coffee table to share with friends and family. Relive your wedding day as you snuggle with your honey bunny on the couch.

This is a perfect way to be sure and have an incredible piece to pass down to your family for many decades to come.

Engagement sessions are so. much. fun.

It's a great way for the two of you to warm up in front of my camera and get some incredible images to use at your wedding!

How it all happens...

1 — Let's meet on Zoom!

Step one. Let's chat! We'll meet "face-to-face" via Zoom. I cannot wait to hear all about your love story and answer any questions you have.

3 — The planning process..

We will schedule two planning calls during your wedding planning. During the first, we'll go over allllll the details and I will provide you with a wedding photography timeline made specifically for you! During our second call, we'll confirm the timeline and talk about family photos.

5 — Previews within 48 hrs!

Ok, here's one of my favorite things. I send you 50+ edited images within 48 hours of your wedding. WHAT!?! That's right. I want to share sneak peeks into your day as soon as possible!

2 — Secure your date!

When you're ready to book, I'll send over an invoice and contract. Nothing crazy, and it's super easy to secure your wedding date... you just pay the retainer and sign the contract and you're in!

4 — It's WEDDING DAY!

Woo hoo! You made it. I will confirm with you the day before what time I'm planning to arrive. I'm here to serve you on your wedding day, and consider it such an honor!

6 — Quick gallery turnaround.

My wedding galleries typically take 6-8 weeks to edit and deliver. If at all possible, I will always get them to you sooner.

And there you have it! I love a good plan, a good timeline, and helping make your day perfect.

Payment Plan

Investing in your wedding day looks like this...

Due 2 months from Wedding Day.

Payment 3

This is your 3rd and final payment, which is the second 1/2 of your remaining balance.

Due 1 week from Wedding Day.

“

Lisa was absolutely amazing from start to finish! I am from out of state and had never met Lisa personally or even seen my venue in person before my wedding day. We met via Zoom until the wedding day, and from the moment I first spoke with her, I was completely at ease. She is organized, professional, and kind, and everyone loved her! She sent me a sneak peek of my gallery the next afternoon, and my entire gallery came just a few weeks later. I honestly love every one of my pictures. She did an amazing job capturing that magical night. I highly recommend her!

FAQS

How will I receive my gallery?

I deliver my galleries digitally and offer free cloud storage for 1 year. When your preview gallery and full galleries are ready to view you will receive an email from me with a link, a password, and a download pin. You are welcome to share these with whomever you wish.

What if you (the photographer) get sick and can't be at my wedding?

Great question! I have an amazing community of photographers around me. If I cannot be at your wedding I will let you know as soon as possible, and I will find and hire an associate photographer to be at your wedding. That photographer will act on my behalf, and I will still edit your images and be your main point of contact.

Do you offer prints?

You can order prints through my website, you can order a flat-lay wedding album as part of your wedding package, and I'm also always happy to recommend small businesses that create beautiful wooden prints from your photos.

How do you keep my images safe?

This is super important! I have two camera bodies with me at all times, and I shoot on two separate memory cards in each camera so there's always an active backup. When I get home I immediately back up your images on my hard drive and I don't delete your memory cards until I've delivered your gallery.

Will you tweak your editing style a little bit for me?

Nope! Sorry. If you don't love what you see on my website and social, then I'm not the right fit for you! I can absolutely help you find someone who is. Photography is a form of art, and I express mine in a specific way... natural with a bit of warmth and sometimes some grain.

Kind Words

Lisa was phenomenal throughout our entire wedding process! She adventured in the wind for our engagement photos, made us comfortable in front of the camera, set our entire timeline, met with us multiple times to help us build our vision, and was so laid back on our wedding day making sure we got all of the pictures we wanted, stuck to the timeline without making us feel rushed, and was the perfect calming presence on the happiest day of our lives. We cannot stop looking at the magic she worked through our pictures, and we are so happy to have those memories forever. We cannot recommend her enough!
