

CANDLE FAVORS

4 Ounce Mason Jar

These little glass jars come with your choice of either a silver, gold, or a rustic copper lid. Since these candles are in glass, you will be able to see the colored wax through the glass.

Prices Start at \$4 Each (up to 25 Candles)

4 Ounce Tin Candle

Another popular option is our little 4 ounce Tin containers. These can also be customized to match your theme. Some customers have come to us saying they like this option to 'burn' candles without the flame. They have told us that just leaving these candles open on top of a warm stovetop/radiator/heated wax-melter plate allows these permeate the kitchen.

Prices Start at \$4 Each (up to 25 Candles)

8 Ounce Mason Jar

As with our 4 ounce jars these glass jars come with your choice of either a silver, gold, or a rustic copper lid. We can also customize the wax to match your theme.
