# THE PHOTOGRAPHER

I'm proud to be a full-time, professional photographer in Nashville with local clients ranging from The Grand Ole Opry, The Nashville Symphony, The Frist Museum and national clients such as HGTV and Health Magazine. My wedding photos have appeared in Town & Country, Southern Bride, The New York Times and they can be found in the homes of many of Nashville's most interesting and talented people.

I'm most inspired by film cinematography and fashion photography when it comes to lighting and composition however there is magic in documentary work where I'm able to capture natural expressions and organic situations. I love trying to find a sweet spot between the two styles by exploring locations with my subjects and cultivating real moments between anything that is staged.

When I'm not working I enjoy every minute I spend with my daughter Sophia, traveling with my wife Samantha, and any excuse to get together with friends around camp fires, guitars, and craft beer.

## WHAT SETS ME APART:

**More Photos** – I deliver far more photos than most photographers. Usually my deliverables have more than 1,500-2,000+ quality images.

**Image Release** – All of my clients get their hi-res digital files at no additional charge. I want my clients to enjoy their photos.

**Editing** - All of the images I deliver are individually edited to look their best. Many photographers add trendy filters which add destructive noise and grain and often a loss of original color that will look dated in a few years. My editing style is to retain vibrant color, striking contrast and a crisp, sharp final image. I'll leave it to you to decide if you want to use an Instagram filter but you'll always have those clean original edits.

**10 Year Gallery** – The galleries I deliver give you easy access to view your photos, order prints, and download them for 10 years. Many photographers only keep galleries live for a year.

**Great Lighting** – Perhaps what sets me apart the most is my lighting. Rain or shine, indoor or outdoor, you can rest assured

that I will deliver beautiful photos in even the most challenging of lighting situations and dimly lit receptions.

**Full Day Coverage** – I keep it simple. I arrive before the bride puts on her dress and I stay until the send-off at the end of the evening.

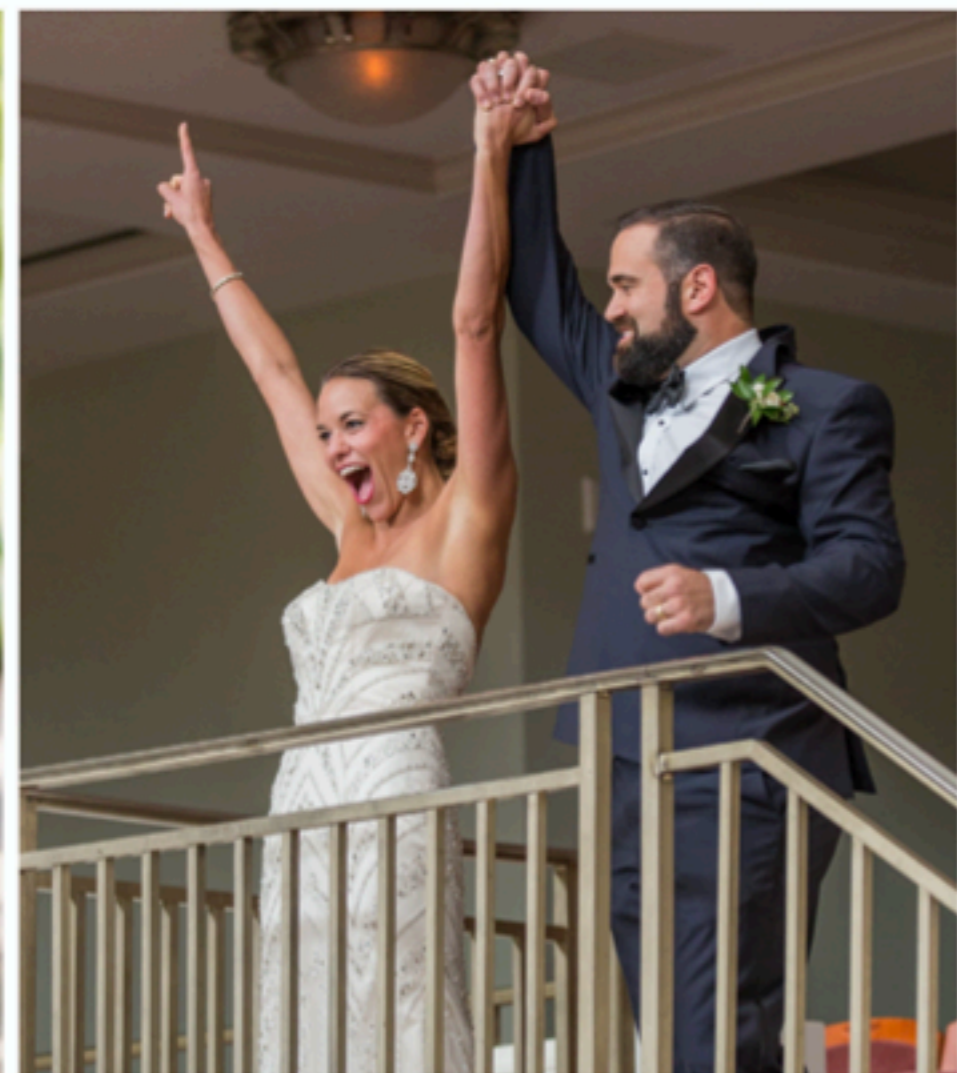

**I'm Fast** – When it comes to the family and group photos I am fast and I make it fun and relaxed.

**Sneaky** – Usually half of the photos I deliver are candid where the subjects aren't camera aware. I work hard to capture emotion, laughter and real moments.

**Photobooth** – Ask about my free photobooth.

**Experience** – After 500 weddings I've left a trail of only happy clients because I hustle and do whatever I can to keep my clients happy. Referrals from past clients and planners are what keep me so busy!
