

ENHANCEMENT OPTIONS AND PRICES

Bubble Machine* **\$129.00**

Snow Machine*

Snow can have a magical romantic effect. Have you ever been on a winter date that was just perfect? The air was crisp, there is no place you would rather be, than in that place and that moment when a gentle snow began falling slowly.

\$149.00

Wouldn't it be amazing if you could mimic that moment during your first dance?

Haze Machine*

Great for adding excitement, and pop to your light show. Picture the last concert you went to. No light show is complete without haze.

\$149.00

Dancing on a Cloud*

Imagine yourself floating on the clouds during your first dance as a married couple. The crowd stares in awe as the beautiful clouds create an enchanting atmosphere. Your amazed guests will be describing the magical moment to everyone long after the dance is over.

\$399.00

**All Atmospheric effects above are subject to venue and/or fire marshal approval.*

Dual Video Screens

Two 55" TV Screens mounted on elegant totems. Great for photos of your wedding party members as they are introduced and first-dance, father-daughter dance, mother-son dance montages in the background. Also adds visual flair for the dance portion of the event.

\$500.00

Wearable Light Show

Our newest addition! We believe this is the next big thing in event lighting. Every guest receives an LED wristband that is controlled by our lighting software. Hundreds of colors, and effect options. All controlled and programmed to compliment what the music is doing at any given moment.

As low as
\$3.00/ea

Each wristband can be customized with a monogram, or names and event date to make it a great keepsake or party favor. *(Several options and prices are available.)*

Cake and Center Piece Spot Lighting

Most wedding cakes, and floral centerpieces are not inexpensive items to add to your wedding. Not only did you spend good money on them but you also spent a lot of time researching bakers and florists, designs and arrangements before deciding on the perfect cake and centerpieces to accent your vision, and represent your personality and taste.

\$35.00/ea

Pin spotting is a great way to highlight your multi-hundred dollar cake and centerpieces to make sure they don't go unnoticed. Do you remember if the cake or centerpieces stood out at the last wedding you attended? Without highlighting these essential decorative elements, it's almost as if they aren't there at all.

Huge impact for a small investment!

Projection Monogram

A monogram is an excellent way to personalize your wedding and add that extra Wow factor. Monograms can be projected on your dance floor, a wall, or any open space, even on the side of a building. Your monogram can include your name, date, initials, a themed graphics and more. A great way to "brand" your wedding is to have the monogram coordinate with your invitations, cake, napkins, or other wedding elements.

\$300.00

You can use your own artwork or we can help create a design for you. Just one of the many ways we help make your event more special. For very little investment relative to the impact, you can make a lasting impression on your guests with a monogram!

Monograms are one of the most photographed elements at wedding receptions and they are a great way to give your event a unique touch.

Uplighting

Uplighting adds depth and a personal touch to your event by painting your room with light to compliment your event's color scheme. The effect can be quite dramatic and help define the architectural details of the space, create a focal point, and add color and dimension too.

\$35.00/ea

*Most average rooms
require 16-20 lights*

Color can evoke emotional responses. Create a real WOW effect by turning your reception into a beautiful canvas of light. From soft and romantic to vibrant and lively, a lighting design can be created to capture your personal tastes and preferences.

Moving Spot Lights

You deserve to have the spotlight on you LITERALLY! Using intelligent moving lights we can program them to spot light your grand entrance, your first-dance, parent-dances, and more. With many color and shape projection options These lights create amazing effects for the high energy dance portion of your event as well.

\$399.00

Premium Programed Light Show.

If you have ever been to a concert then you have seen programed light shows. There are many benefits of having your light show mirror what is happening with the music. It builds and raises the energy and adds to the atmosphere. The premium light show includes the moving spot lights, uplights, and other lighting effects, This is the Rockstar lighting package.

\$1200.00

Includes Haze if permitted by venue and/or fire marshal.
