Meadow on the MTN offers a secluded bridal suite for your bridal party that includes a couch, an elegant chandelier for optimal lighting for pre wedding photos, full sized mirror, sink and counter space for make up and hair accessories, and hooks to hang all dresses. Don't worry grooms we did not leave you out! The groom and his men will have their own "groom room" as well! This room includes a couch, a full length mirror, counter space for men's hair products, and a place to hang those fancy tuxes. Brides and grooms will have full access to the bathroom that is conveniently located right outside of each suite. There are privacy curtains so that the bride may stay hidden until she walks down the isle! We encourage our brides to bring in whatever refreshments they want prior to the wedding so that she and her party will have a fun relaxed day of preparing to walk down the isle. Personnel from the venue will be available at all times during rehearsal, the wedding and the reception.
