

## 2022-2023 Neighborhood House Wedding Rentals

### **Theater Reception - \$6,000**

Exposed brick walls, original hardwood floors, and tall windows overlooking Old City, Philadelphia. This space is typically used as a theater, however, with full lighting and sound systems and a little bit of wedding magic, our Theater can transform in a variety of ways. The Neighborhood House Theater offers urban charm with a touch of Old City history.

### **Great Hall Reception- \$4,000**

With its high ceilings and colonial details, the Great Hall offers a traditional ballroom space perfect for cocktail hour, dinner, and dancing. The large windows offer a beautiful view of the Christ Church Gardens and the lobby space offers some exhibits from our archives for guests to enjoy during cocktail hour. Due to the age of this building, the Great Hall is one room that does not offer air conditioning.

### **Combined Rental - \$8,000**

Whole-Venue Rentals (of the Theater and Great Hall simultaneously) are also available at a reduced rate of \$7,500. This allows you to minimize your time traveling between venues and maximize your time celebrating with guests. The additional space can be used to stage a ceremony in one space and a reception in the other, or for activities such as cocktails and dancing, a kids zone, and more. Parking is available in metered spots on 2nd and 3rd streets, as well as in the Park America lot directly behind Neighborhood House. We will be happy to provide you with locations of additional nearby lots and garages.

### **Rooftop and Gardens - \$2,000**

The Gardens at Christ Church and Neighborhood House Rooftop can be rented for an additional fee. These spaces can be used for photography, cocktail hour, rehearsal dinners, or an extra space for your guests to enjoy the Old City ambiance. Please note that the Rooftop is not handicap accessible.
