

**Custom Designed Ceremony:** My package includes research, interviews, a creative staging of your ceremony, help writing your vows, the rehearsal, the ceremony, and filing of your paperwork. Travel fee within Central Ohio is included.

Because there are so many pieces to this process, it will help me to chat with you to find out what elements are most important to you. This will help me determine the fee that is most appropriate for your ceremony. Most couples average \$1,500, for a deluxe package. But check out other options below:

**Elopement or Vows and Rings Only – pay what you want (Seriously.)**

If you and your partner are getting married within Columbus, or no farther than 20 miles from the city, and want to have a private ceremony for just the two of you, I will lead you in a ring exchange, allow for a few special words, then sign your paperwork and mail it for you. We can meet wherever you prefer within a 20 mile radius of Columbus.

This arrangement is for a small, informal and very brief ceremony at a park, a coffee shop, your living room, or similar non-wedding-venue locale. It is limited to the two of you and no more than four other people who are there as witnesses.
