FAQ's A Few of Our Most Frequently Questions

What's the turn around time and how many photos do we get?

- A. After the big day, we take between 3 – 4 weeks to obsess over your images. We scrutinize every image, selecting and making sure that your wedding gallery is a perfect reflection of the joys and emotions of the day. Selected images are hand edited for color, and lightly retouched to make sure you look your absolute best. We provide full gallery editing. The number of photos delivered can vary based on different timelines, travel to various locations, activities, wedding party size and so on. Final galleries delivered to our clients can range from approximately 55 – 65 digital images per hour booked. (For example, an 8 hour wedding could yield 440 – 520 final images).

Do I have to order prints through you?

- A. Of course not. However, ordering prints directly through the platform ensures that you'll receive the highest quality from a reputable distributor.

Are there any travel fees? Do you shoot destination weddings?

- A. We're always excited to capture events anywhere in the U.S. and abroad. TRAVEL (from Brambleton VA):

0 – 25 Miles FREE | 26 – 50 Miles \$35 | 51 – 75 Miles \$50 | 76 – 100 Miles \$100

Travel and accommodation fees over 100 miles from Brambleton VA may include any or all of the following: flight, car rental, gas cost and hotel stay.

What are location/entrance fees and are they covered with my payment? (For engagements)

- A. Locations and entrance are separate fees charge by the owner of a privately owned space, or venue. These fees are paid directly to the owner or establishment and are not covered with any payments to Maria Hopewell Photography (MHP). Our clients must coordinate with the 3rd party directly securing an appointment and obtaining all location permissions.

How do we book our event?

- A. To save your date, I require a signed contract and a minimum 25% down payment. You have the option to pay in full or make monthly installments. Your final balance is due no later than 14 days prior to your wedding date.

Can we meet for a consultation?

- A. Absolutely. Whether we speak over the phone or meet in person, establishing a great rapport with my clients is essential to being able to capture amazing photographs. I want to make sure you're 100% confident that I am the right photographer for you.

Will there be a second photographer?

- A. There is an additional cost for a la carte coverage of \$750. With an additional photographer final galleries delivered to our clients can range from approximately 65 – 75 digital images per hour booked. (For example, an 8 hour event would yield a minimum of 520 – 600 final images).

What if MHP hasn't shot at our venue before?

- A. I have photographed events in all types of venues. From country barns to fields, Air B &B's, parks, beaches, and on and on. So, no worries. If I haven't photographed at your venue before, it only means I will arrive with a fresh perspective.

What if we've already taken our engagement images, can we substitute for more time?

- A. We offer up front no haggling pricing! Our collections have incredible value and discounts built in. They are a representation of the time and effort it takes to personalize your event, capture your images and to professionally edit your gallery. Substitutions are prohibited.
