

Styles Dj Services LLC

Price Sheet

Hello we want to first of all congratulate you on your engagement and also say thank you for taking a look into our company. Here are our packages that we offer for our wedding services.

This price sheet is for events that are in Santa Fe, Albuquerque, Rio Rancho, or Los Lunas. This sheet does not include travel expenses for any events outside of these cities as we serve all events outside and inside of the state. Typically we add a \$200 travel cost outside of these cities to cover a room and gas but that is subject to be a lesser amount if less distance is traveled. **For a quick overview we charge \$135 an hour for the dj service and \$650 for our photobooth. Details are below on what that includes.**

DJ Service and Lighting Package at \$135 an hour

We provide an all in one dj service package which includes lighting as well as all sound system equipment at \$135 per hour.

The dj package includes 10 uplights that are designed to illuminate your outdoor or indoor venue. These lights will shoot beams of color of your choosing to illuminate the background of your venue. We also provide the led light rack which goes behind the dj booth, this light rack includes American dj and Chauvet light products that gives your dancefloor an attractive illuminating effect. They are intimate lights mixed with changing led colors that fill the dance floor.

The Dj service itself includes many features:

Equipment and Mixing

We provide the speakers that have the bass and extra kick that is needed for a crisp sound. We provide a wireless mic for the dj to deliver clear announcing instructions and mc directions. We make sure to control the party from start to finish, all you have to do is sit down and enjoy your reception from the first song that is played to the last song at the end of the night. We also provide turntables so the songs are evenly mixed and your event sounds like one continuous song from start to finish with no pauses or stop in music.

Consults

As far as logistics we include free consultations, these consultations are all free and we provide expert advice on vendors for other areas of business and offer help in other areas of the wedding. I have been in the industry for over 14 years and have extensive knowledge of venues photographers bar tenders, cakes, officiants and videographers. These are phone consultations and can be made at any time after booking, they are free after booking and are not a part of the hourly rate. You heard right these are free! The introductory consult is specifically intended for you to know more about our personalities to see if we fit your event.

We also provide a custom wedding itinerary to make sure we narrow down your music preferences and any announcements that you want us to make. We provide a word document that you can edit to your design for the wedding. We include on this itinerary a scale of 1 to 5, five being the highest rate. We use this as a tool to gauge what the dancers in your crowd would dance to. We want to make sure to get a feel for your crowd from the very beginning of the reception. We also take requests from the guests as long as the song is appropriate for a wedding and it's what will keep the crowd dancing. We also do ceremonies if needed and can provide the sound for that. We also do not charge for set up or take down of the equipment. We provide all our own wiring and extensions needed to deliver sound. All we need is the power outlet from the venue to plug into.

Photo Booth Package at \$650

This package is not hourly and is for the entirety of the event at \$650. This package includes a 7ft tall photo booth with privacy curtains. It also has a mirror on the back so that you can see yourself before you take your picture. It includes unlimited prints. One print is for your guests and the other is for your guestbook that we provide. We provide pens for signage that way the guests can participate. We give you the album and it's a way of us providing you with a fun interactive guest book. We provide props which consists of funny hats, scarves, and glasses. Set up is free as well.

More Info

I hope this is the information that you were looking for and if you decide to go with us we will make sure to provide a fun, memorable, and classy experience for you and your guests.
