# REVIEWS

Reviewed 1/20/17

Our daughter just got married this past weekend, New Year's Eve, at the Susquehanna Club. We thought we would provide a review while it was fresh on our minds.

The reception and ceremony was PERFECT.

The club provided a beautiful room for the bride and her attendants to change in and relax before the ceremony. The room had a window seat overlooking the river. In addition to the bride, there were six in the brides party along with the mother of the bride and groom. The room was spacious and not cramped.

The guests raved about the food, bar, and Club. We had the ceremony adjacent the ballroom, in a setting overlooking the Susquehanna River. After the ceremony, the guests started the cocktail hour while pictures were taken at the ceremony location. A mini reception area was provided for the wedding party, complete with drinks and food until entrance into the main ballroom. The staff even took drink orders for the wedding party during this time and were extremely attentive!

Many times we heard that this was the best wedding food they ever tasted. The dinner service was spot on and the service was impeccable. There was an actual bar serving drinks and many hung out at the bar through the evening. The bar staff kept up with the guests' requests. Everyone was very professional.

We can't say enough good things about Sharen and the staff at the club. We were able to get into the club the day before to set up. The staff was available for last minute questions and support.

Sharen also recommended the wedding officiator, Pastor Dave Diraddo, who provided what many said was the best service they ever attended.

As the parents of the bride, we couldn't be happier with choosing the Susquehanna Club for our daughters ceremony and reception site.

Thanks to Sharen and her staff for making our wedding experience enjoyable and memorable.

Sharen & Lisa were absolutely wonderful to work with. We were not able to set up our venue ourselves, but they did a great job doing it for us. The food is absolutely wonderful and everyone had a wonderful time.

My husband and I recently got married at the Susquehanna Club and have absolutely nothing negative to say. Sharen was wonderful during the entire planning process and made sure each step of the way was filled with as little stress as possible. The venue itself is gorgeous and needs very little decorating (which I loved!). Food/drinks are included which was great! This venue is very affordable. The day of our wedding, we had our ceremony in the Riverside Room and the reception in the Main Ballroom. The Riverside Room has a beautiful of the river that you can see through a wall of long windows. We were able to decorate each room how we wanted, which was great. The day of, I had a small hiccup with my dress during the bustling process and one staff member, Jessica, graciously helped my bridesmaids and mother to help the process move along. Jessica was also an amazing help throughout the whole day, making sure that we had anything/everything we needed. The staff at the Susquehanna Club in general is absolutely amazing. They make sure the bridegroom, guests, bridesmaids, etc. are provided with the best care/compassion possible. I highly recommend the Susquehanna Club as a wedding venue! We are very happy with the services we received!

We cannot say enough good things about the Susquehanna Club. Our reception was absolutely beautiful (the view and the room are gorgeous) and I will most certainly have any anniversary milestone parties there (I loved it that much and wish we could go back and relive it). Sharen is absolutely amazing to work with and was so accommodating as things did change for us (it seemed by the second as we got closer to our wedding day). This was particularly helpful since we live in FL and were planning a wedding in Harrisburg. She walked through every detail with us from the food, to the table settings, napkin & chair cover colors, etc... she was just great. The staff also turned on all our electric candles for our centerpieces so I didn't have to worry about that at all. Also, she allowed us to come in on Friday to set up which was soooooo helpful. I don't know how we would've had time on Saturday morning. The food is absolutely amazing...we got so many compliments! We did a buffet and were glad we did. The servers were nice enough to serve the bridal party which was really great...and while my husband and I actually did get to eat, they made us some to-go meals to go home with us anyway! And the hour of unlimited hors d'oeuvres was fabulous...and the room for the bridal party during the cocktail hour is so nice! We also had an open bar and that was well worth the few extra dollars per person—would highly recommend it if you're considering an alcohol package. Our server (the one who took care of my husband and I) always made sure we had drinks and was there whenever we needed her. Again, I can't say enough great things about the Susquehanna Club. Our reception was perfect in every way!

5.0

The Susquehanna Club is an amazing secret when it comes wedding venues in the Central PA area. The pictures do not do it justice, either. It has an incredible vintage vibe and is beautifully decorated on the inside. Sharen is very easy going and accommodating. She is probably the most pleasant event planner I've ever met and she made every aspect of my reception amazing. She always answers emails and is never annoyed with your questions or concerns. Also, don't worry that you can't taste the food before the event...it's delicious and you will love it! The affordability of the venue allowed us to throw an amazing, grand reception on a beer budget. I would recommend this venue over and over again.
