

# ELITE PHOTOGRAPHY PRICING

2022 | PACKAGES | 2023

## EXPERIENCE

One thing that is very important and will go a long way on your wedding day is the experience your photographer has and I have a lot of it! I've been photographing weddings since 2004. During that time, I've photographed over 250 weddings. I have learned what works and what doesn't. You can expect your day to run

smoothly and efficiently. I don't stand around and wait for instructions, I am assertive, polite, yet professional and get things done. I will help instruct you and your entire wedding party during the day, so you have nothing to worry about. Elite Photography is one of the best, because you get the best and deserve the best.
