CATERINA KENWORTHY

DETAILS

WEDDING STORYBOOK

Customized design with photos and keepsakes from your wedding (ex: high quality scans of menus + place-cards, pressed and preserved flowers). 35-60 pages.

DISPOSABLE CAMERAS

See your wedding through the eyes of your guests! I will provide 5 disposable film cameras and encourage guests to use them throughout the event to take snapshots of the festivities. At the end of the event, I'll collect the cameras, have the negatives processed + create high resolution scans from them to be included in your final image gallery.

ANALOG SERVICE

In addition to my digital camera I will bring my 35mm and 120mm film cameras. Film photography lends itself to a unique + romantic timelessness. The majority of my fine art work is created with analog equipment. If you are interested in having primarily or exclusively analog coverage of your event, pricing will depend on venue and number of guests.
