

Wedding Venue

\$35/person Includes:

- 1) **Layout:** Our ranch is best set up for outdoor weddings and receptions. Our last wedding party rented a large tent and held the ceremony itself under the tent. The reception was then held on our famous 1,400 sq. ft. covered deck. Photos available.
- 2) **Size:** We can accommodate up to 75 guests at maximum capacity.
- 3) **Restrooms:** Our past brides and grooms rented 2-3 portable toilets for their guests. Additionally there are two indoor restrooms at our facility.
- 4) **Food Preparation:** There is a full kitchen available for your use. Clean-up is required afterwards by members of the wedding party.
- 5) **Horses:** We are a horse ranch so most of our brides want horses somewhere in their wedding. During the ceremony itself you can have the bride and/or groom walk to the altar on horseback. Or during the reception we offer horserides to both adults and children for one hour. Both are included in your price. Some couples simply want the horses visible throughout the entire wedding as part of the stunning setting that makes our ranch so popular. A waiver must be signed by the bride and groom releasing Wildfire Ranch from all liability.
- 6) **Hours for Wedding:** We invite couples to decorate and prepare both the night before and the morning of the wedding. The wedding itself is normally budgeted at 5 hours which breaks down to an hour for the ceremony; one hour for photo shoot; 3 hours for the reception.
- 7) **Clean-Up:** Since our prices are less than half any of our wedding venue competitors we require that each bridal party assign a cleaning crew to clean up all trash from the wedding.
- 8) **Alcohol:** There is room on our 1,400 sq. ft. deck for a bar to be set-up for your guests.
- 9) **Dancing:** There is room on our 1,400 sq. ft. deck for a dance floor as well.
- 10) **Parking:** Guests will have a designated parking area behind the ranch as well as along our country road out front and in the grassy area beside the driveway entrance.
