My wedding is outside the area - Do you travel?

Of course! We love to travel. It doesn't matter if your wedding is two hours by car or by plane. We can be there. ( some travel fees may apply.)

Do we get to meet before hand?

What happens if there is an emergency?

We have backups. We can call people in the industry to help us out for the day if there is a need. You can count of us being there.

How do you differ from other videography companies?

We love weddings, we only do a small number each year. We also do not do more than one in a day so we can have all our attention on you and only you.
